## STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Ms. MURKOWSKI (for herself and Mrs. FEINSTEIN):

S. 3639. A bill to amend the Reclamation Wastewater and Groundwater Study and Facilities Act to provide standards and procedures for the review of water reclamation and reuse projects; to the Committee on Energy and Natural Resources.

Ms. MURKOWSKI. Mr. President, today I join my colleague, from the Committee on Energy and Natural Resources, Senator DIANNE FEINSTEIN of California, in introducing the Reclaiming the Nation's Water Act—ReNew.

We introduce this bill after months of review of the Nation's program, now over a decade old, that attempts to encourage the reclamation and use of water. The Bureau's title XVI program originated in 1992 in response to the Southwestern drought of the late 1980s and early 1990s. At that time, Congress authorized the program in an attempt to alleviate pressure on the Colorado River system by augmenting existing supplies and developing new water sources.

Since then, Congress has authorized some 31 projects and appropriated about \$325 million for the program. During a February 28, 2006, hearing of the Senate Water and Power Subcommittee, the Congressional Research Service reported that only three of these projects have received full Federal funding and that 9 are listed as "inactive," meaning they have received little or no Federal moneys.

This massive backlog, which the Bureau of Reclamation has estimated will take at least 15 years to resolve, has not stopped local communities from seeking additional aid under the program. There are bills pending in Congress that would authorize an additional 19 projects—projects that will likely overwhelm the Bureau of Reclamation's budget, if they were all to be funded fully under the existing program.

In an effort to clarify the Federal role in developing new sources of water and in an effort to help local Government receive a dependable and timely supply of Federal assistance for truly worthy water reuse projects, we introduce this legislation to clarify and make permanent title XVI water reuse/reclamation/recycling grant assistance.

Briefly, the bill:

Amends the Reclamation and Wastewater and Groundwater Study and Facilities Act to provide standards and
